### Project goals:

SDG Labs project introduces an innovative, transdisciplinary and future-oriented educational programme for Higher Education Institutions in Social Economy related study fields that aspires to bring real and measurable results on upscaling the role of SE as central actor of the green transformation.

# SDG LABS CAPACITY BUILDING PROGRAMME

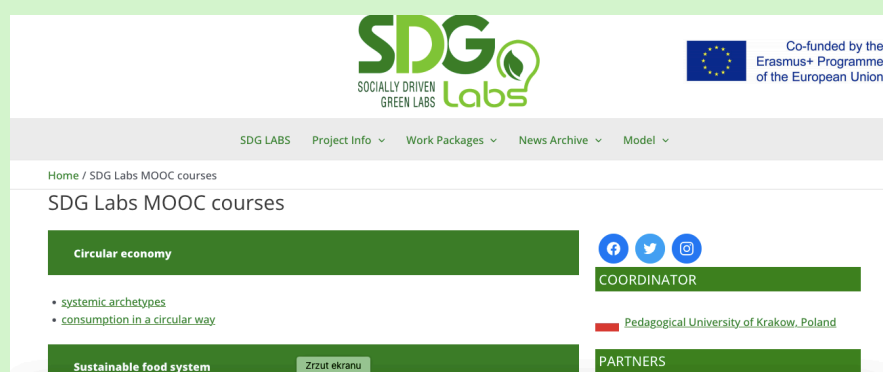

The intellectual output 3 “Socially Driven Green Labs capacity building programme” is finally coming to an end, with a good success rate of trained staff being reached. The result offers a flexible training opportunity on how to apply the SDG Labs programme and integrate environmental related issues into SE curricula. The capacity building programme consists of 1. The SDG Labs teachers’ handbook, containing several modules.

2. The “Social Economy for a green transition” MOOC, clustered in several themes.

3. A flexible training programme, including training workshops, delivered by the university partners.

4. A support mechanism, that consists of a series of webinars, used as a complement to the workshops.
